

DATE: September 9, 1997

SUBJECT: MILLENNIUM STEERING COMMITTEE

RECOMMENDATION:

THAT the Board of Parks & Recreation appoint a Commissioner to the Millennium Steering Committee.

BACKGROUND

Vancouver City Council, at their meeting of July 29, 1997, approved "establishing a time-limited Millennium Steering Committee, including representatives from Council, the Park Board, School Board and community organizations involved in the arts, multicultural, sports organizations and the business community". Attached to this report is a copy of the approved motion and the memo referred to in the minutes extract.

Staff from Central Recreation Services have met with staff from Cultural Affairs and we are asking the respective organizations: Council, School Board and Park Board to appoint their representatives, so that we can arrange for the inaugural meeting of the Steering Committee.
