

MOTION ON NOTICE

False Creek North Park

MOVER: Commissioner Evans

SECONDER:

WHEREAS:

1. Vancouver residents living to the north and east of False Creek and in the Chinatown area have had the prospect of a new park held out to them for many years;
2. There is a critical shortage of green space available to many of the residents living in those communities;
3. Development of this park has been held-up pending decisions about a larger set of land use issues affecting the surrounding neighbourhoods; and
4. Vancouver City Council took a major step forward on October 27, 2015 to making development of the park a reality;

THEREFORE BE IT RESOLVED:

THAT the Vancouver Park Board send a letter to Mayor Gregor Robertson and the members of the Vancouver City Council commending them for the steps they have taken to realize the development of a new 13 acre park along the north side of False Creek.
