Report Recommendation:

MOVED by Commissioner Bastyovanszky

SECONDED by Commissioner Jensen

THEREFORE BE IT RESOLVED THAT the Vancouver Park Board approve the [Community Centre Childcare Use of Park Space Policy](#) as outlined in this report and attached in Appendix A; and

FURTHER THAT the Policy be amended to include additional criteria for operation of the outdoor space. The criteria shall state that should a childcare centre park playground that is open to the public outside of the childcare centre operating hours be vandalized by the public, Park Board will cover the costs of the repairs. If this vandalism is a frequent occurrence, the General Manager can consider a shift towards a model of no public access at a given site.
