Moved by Commissioner Yong,

THAT the Board accept the recommendation of the site review panel, appointed through the review process, that a site on Sunset Beach Park be approved for the AIDS Memorial as proposed by the AMV AIDS Memorial Society with all arrangements to the satisfaction of the General Manager.

Commissioner Yong stated that he supports the approval of an AIDS Memorial at Sunset Beach Park. He believes that a fair and thorough consultation process has been undertaken by the Board on this issue. As a physician he is familiar with the devastation caused by AIDS in our society and there is a need for public awareness. Commissioner Yong stated that there is already several memorials in the parks for a number of different events. The AIDS memorial will bring awareness in the new millenium to tolerance of a very diverse culture.

Commissioner Chesman put forward an amendment to the motion.

Moved by Commissioner Chesman,

WHEREAS this elected Vancouver Board of Parks and Recreation prefers to exercise its elected mandate in a manner consistent with its belief in Vancouver as a tolerant and compassionate community;

AND WHEREAS there is a very legitimate question concerning the appropriateness of locating any memorial in any Vancouver park; and

AND WHEREAS Vancouver has the highest AIDS infection rate in North America;

BE IT RESOLVED:

1. THAT the Board accept the recommendation of the site review panel that a site on Sunset Beach Park be approved for the AIDS memorial as proposed by the AMV AIDS Memorial Society (“Society”) on the following conditions:
  - (i) all costs, including but not limited to construction and maintenance costs of the memorial, shall be borne exclusively by the Society;
  - (ii) the length of the memorial shall be 30 feet at the outset and may, with future Board approval, be extended to a maximum 60 feet;
  - (iii) Board staff must be satisfied that the design of the memorial itself poses no physical safety hazard to the public;
  - (iv) all other arrangements with the Society shall be subject to the satisfaction of the General Manager.
2. AND THAT a plaque, not to exceed one foot by one foot in size, be placed near or alongside the memorial, at the Board’s cost, stating as follows:

“This memorial was approved for placement in this park as a place of healing and education within a tolerant and compassionate city.”

Vancouver Board of Parks and Recreation, June 22, 1998.

3. AND THAT there be, as of this date, a moratorium placed on the acceptance by this Board of any application for any future memorial in any Vancouver park pending the completion of the Board's public consultation pursuant to paragraphs 4 and 5 below concerning the future of Vancouver's parks;
4. AND THAT from September to December, 1998 the Board engage a detailed public consultation process concerning the appropriate use of Vancouver parkland, including but, not limited to, the locating of memorials in parks in the anticipation of a Board decision concerning same at the Board's final regular meeting in December, 1998.
5. AND THAT to initiate the public consultation referenced in paragraph 4 above, staff provide a report to the Board at its first meeting in September, 1998 containing:
  - (i) a detailed inventory of all the purposes for which Vancouver's parks are now used;
  - (ii) a detailed inventory of new, emerging demands on Vancouver parks;
  - (iii) an estimate of this Board's financial ability to acquire new parkland in the future;

- (vi) a recommendation concerning the manner in which the public consultation ought to be conducted, with a focus on community centre participation, so as to ensure the maximum informed participation of all Vancouverites in advance of the Board rendering decisions on the issue in December, 1998.

Commissioner Chesman stated that the AIDS Memorial is a symbol of Vancouver as a tolerant and compassionate city. The motion addresses the need to look at how we use our parks and how we need to protect it. The timing for looking at this issue is good as we have just completed our organizational review and we have a new General Manager.

Commissioner Warren questioned on how the site was selected and what criteria was used. Commissioner Warren was also concerned with the size of the memorial and hoped to reduce the scale. Susan Gordon, Coordinator of Arts and Multiculturalism advised the Board that the review panel were given certain criteria for a site selection such as access and visibility. The Society is reviewing the design and the size of the memorial may be smaller than anticipated.

Moved by Commissioner Warren,

THAT the length of the memorial be at 15 feet and may be extended to 30 feet.

Commissioner McDiarmid stated that the issue of the size of the memorial is minute compared to the seriousness of the disease. Commissioner DeGenova was also concerned with the size and with those names that may be missed while the Society await Board's approval to extend it to 60 feet. Commissioner DeGenova questioned why it was necessary to have a names' memorial. He supports the memorial but is concerned with the size. Commissioner Wilson stated that he does not support the amendment as he felt the location would be appropriate.

The amendment motion was put as follows:

Moved by Commissioner Warren,

THAT the length of the memorial be at 15 feet and may be extended to 30 feet.

- DEFEATED.

(Commissioners DeGenova, Fetherstonhaugh, McDiarmid, Wilson and Yong contrary)

Commissioner Chesman stated that he will change the wording of his motion so as to allow the size of the memorial to be smaller if possible. Part (ii) of 1 is now changed to read:

“(ii) the length of the memorial shall not exceed 30 feet at the outset and may, with future Board approval, be extended to a maximum of 60 feet. The Society is encouraged to maintain the scale of the memorial below the stated maximum.”

The amendment motion was put as follows:

**WHEREAS this elected Vancouver Board of Parks and Recreation prefers to exercise its elected mandate in a manner consistent with its belief in Vancouver as a tolerant and compassionate community;**

**AND WHEREAS there is a very legitimate question concerning the appropriateness of locating any memorial in any Vancouver park; and**
