**DELEGATIONS**

**2010 Whistler Olympic Bid Committee**

Marion Lay, Chair, 2010 Whistler Olympic Bid Committee presented their plan to host the 2010 Winter Olympics. Ms Lay reviewed the bid process, objectives and venue requirements to host the Winter Olympics. The games will generate revenue, jobs, new facilities and infrastructure for transportation and communications, a sports legacy and a new Nordic sports recreation area. It will also be an opportunity to showcase the multiculturalism diversity of British Columbia. They are two thirds towards their fundraising target of \$21 million. Besides the corporate sector, the Federal and Provincial governments will also be funding the games through various grants and programs.

Board members thanked Ms. Lay for her presentation and offered to assist the Bid Committee either personally or through staff.

### **Flag Poles at Park Board Facilities**

Rand Irwin, Eddie Mascarenhas and Eleanor Hadley advised the Board that it was important to fly the Canadian Flags at all Park Board facilities and other high profile areas. The Board should also provide flags as one of the opportunities for the public to make a donation to the Park Board.

### **Ice Rink Policy Review**

Board members received copies of a staff report dated February 6, 2001 recommending that the Board approve recommendations A and B in the report.

Keith Jacobsen, Board member, Killarney Community Centre Society, stated that the report was poorly written. It does not address Killarney's needs. He would like the Board to consult the Associations before implementing any of the recommendations.

Moved by Commissioner De Genova,

- A. THAT the attached Ice Rink Policy Review consultant study be received for use as a reference document for rink policy development, long range capital planning and management structure review.**
- B. THAT changes to the Park Board Rink Programming and Ice Allocation Policies be developed in consultation with stakeholders, with a report back to the Board for approval.**

**- Carried Unanimously.**

### **Jericho Beach Park - West Point Grey Academy Lease Proposal**

Commissioner De Genova left the room on a potential conflict of interest.

Board members received copies of a staff report dated February 26, 2001 recommending that the Board do not pursue the proposal by West Point Grey Academy to locate a private school and other facilities in Jericho Beach and Locarno Beach Parks.

Moved by Commissioner Ledingham,

**THAT the proposal by West Point Grey Academy to locate a private school and other facilities in Jericho Beach and Locarno Beach not be pursued.**

The following delegations requested to address the Board with regard to the Jericho Beach Park - West Point Grey Academy Lease Proposal.

- Amanda Warren
- Dr. Patricia Marchak
- Dr. Tyres
- John McCormack
- Anita Romaniuk, Chair COPE Park Environment Committee
- Trevor Percy
- Richard Scarth

The following is a summary of comments provided by the foregoing delegations.

- in favour of staff recommendation, hostel has been there for a long time;
- hostel is used by schools for students to learn about travel and hostelling;
- West Point Grey Academy will build the facilities at no cost to the Board;
- this is a unique opportunity to provide leisure services;
- defer decision until a community needs assessment is done;
- Park Board should keep to its mandate of protecting parkland;
- do not give away precious waterfront property;
- if use of the park changes, there is a possibility that the land may be taken back by the Federal Government as ownership of the land was given to the City "for so long as the said lands and every part thereof are used for public park and recreational purposes";

- the City cannot afford to lose parkland, private enterprises should look for private lands;
- hostelling promotes cultural awareness, do not shut down the hostel;
- a private school is commercial; cannot use park for commercial purposes;
- there will be increased traffic in the area.

Commissioner Ledingham put forward an amendment to the motion.

Moved by Commissioner Ledingham,

THAT the following be added to the end of the recommendation:  
“at this time”.

Board members discussed the amendment and the majority of the Board members agreed that this proposal was not the right situation for a partnership. And a needs assessment for West Point Grey should be done to determine recreation needs of this community.

A vote was taken on the amendment motion and it was DEFEATED.  
(Commissioners Cassells, Hansen, Richardson and Wilson contrary)

**The main motion was put and it was CARRIED.**
