

PARK	Suitability for conversion - existing use and users: ideally minimal impact on the proposed site's current uses/users, i.e., under utilized park areas or sites with opportunities to accommodate users/uses in other areas of the park, etc.	Impact of facility on the other park uses/users/neighbours: ideally compatibility with other existing uses/users; located near active park use; minimal impact on neighbours, etc. Large site preferred.	Waterfront: ideally on or near the waterfront.	Availability of parking and washrooms	Access: sites which are accessible by alternate transportation - transit, greenways, etc. are favourable.	Maintenance of facility: costs are lower if located near maintained beach areas
Sunset Beach Park - existing soccer field	Large linear park between seawall and Beach Ave. Proposed site is currently a non regulation soccer field. The field is heavily used for casual play. Conversion of the field would result in the loss of one of the few playing fields in the downtown core.	Active site. The field is located adjacent to Sunset Beach and parking lot. An inline skate area is also found on site. Impact on Park Neighbours: high rises adjacent to the site.	Adjacent to beach area.	Parking and washrooms are located on site.	Seawall and transit.	Adjacent to beach area.
Jericho Beach Park - area adjacent to the tennis courts	A large 54 ha site park site. Area is a combination of lawn, access road and grass lands. Walking trails through grass lands, bird habitat.	Adjacent to active area of the park (soccer field and tennis courts). Impact on Park Neighbours: no adjacent residents.	Adjacent to beach area.	Parking and washrooms on site.	Seaside bike route.	Adjacent to beach area.

Vanier Park - area immediate west of Burrard Marina boat storage area	A large site park site (22 ha). Area is a combination of a gravel parking area and meadow area (bird habitat). Would require the removal of trees to accommodate facility. Minimal impact on existing users.	Adjacent to marina boat storage area, parking lots and wooded area. . Impact on Park Neighbours: no adjacent residents.	Near waterfront - False Creek	Parking and washrooms on site.	Seaside bike route.	Near Kits Beach.
New Brighton Park - eastside of the park.	Large waterfront park (11 ha). Area is currently a maintained lawn area. Minimal impact on existing users/uses. Long term - possible daylighting of stream in area.	Site is near outdoor swimming pool and tennis courts and adjacent to industrial site. Impact on Park Neighbours: no adjacent residents.	Waterfront park	Parking and washrooms on site.	Automobile access	Not close to a maintained beach area.
Jericho Hill - Justice Institution Site	Large Provincial government site - play field areas currently leased to the Park Board. Proposed site: west of the lower parking lots adjacent to gym. Site is currently a gravel lot. No impact on existing users/uses. Would be temporary site as future of the site is under the jurisdiction of the Provincial Government.	Site is adjacent to a parking lot. Impact on Park Neighbours: adjacent residents to the west - noise impact.	Westside location - not on the waterfront.	Parking and washrooms on site.	Automobile access	Near Jericho beach area.

PARK	Suitability for conversion - existing use and users: ideally minimal impact on the proposed site's current uses/users, i.e., under utilized park areas or sites with opportunities to accommodate users/uses in other areas of the park, etc.	Impact of facility on the other park uses/users/neighbours: ideally compatibility with other existing uses/users; located near active park use; minimal impact on neighbours, etc. Large site preferred.	Waterfront: ideally on or near the waterfront.	Availability of parking and washrooms	Access: sites which are accessible by alternate transportation - transit, greenways, etc. are favourable.	Maintenance of facility: costs are lower if located near maintained beach areas
Hastings Park (PNE Site)	Large park site currently being developed. An active site consisting of two play fields are under construction. Site may have long term potential depending on fate of PNE and Race Track.	Given the redevelopment plans, no appropriate site at this time. Impact on Park Neighbours: no adjacent residents.	Waterviews	Parking and washrooms on site	Transit	Not close to a maintained beach area.
Trout Lake	Large 27 ha park. Proposed site - between the community centre and the lake. High use park, especially by field users (five diamonds, soccer and rugby fields, sport and tennis courts). Impact: loss on passive area adjacent to lake.	Good portion of the park is allocated to sport. Loss of passive opportunities. Impact on Park Neighbours: adjacent residents.	Lake	Parking and washrooms on site	Skytrain and bikeway	Not close to a maintained beach area.

Killarney	A 13 ha site. Proposed area - western side of park. Currently used as a passive area - dog off leash area. Area bordered by residents.	Majority of park allocated to sport. Western section only non permitted area in the park. Impact on Park Neighbours: adjacent residents.	No	Parking and washrooms on site	Automobile access	Not close to a maintained beach area.
SE False Creek	Temporary site only. Due to soil contamination, proposed site would have to be located on site used for the Indy track.	Not compatible with Indy track. Impact on Park Neighbours: no adjacent residents.	False Creek	Parking available, no washrooms on site.	Bikeways and Skytrain	Not close to a maintained beach area.
Fraser River	Linear park sites - difficult to site facility. Long term potential depending on land acquisition by the Board.		Fraser River	Depends on site	Automobile access	Not close to a maintained beach area.
E Crowley	A large 39 ha site "natural" site. Board/community are currently developing master plan for the park.	Depending on the Master Plan, maybe a potential site in the future. Impact on Park Neighbours: depends on site.	No	Parking and washrooms on site	Automobile access	Not close to a maintained beach area.
Memorial South	A 13 ha park. Possible conversion of SE playing field. High use park, especially by field sports.	A good portion of the park is allocated to sport. Fields/diamonds are intensively used. Park used to capacity. Impact on Park Neighbours: adjacent residents.	No	Parking and washrooms on site	Automobile access	Not close to a maintained beach area.
