

Date: November 28, 2002

**TO: Board Members - Parks and Recreation**  
**FROM: General Manager - Parks and Recreation**  
**SUBJECT: Boys' and Girls' Clubs of Greater Vancouver - Lease  
Renewal**

---

## RECOMMENDATION

- A. *THAT the Board renew the lease with the Boys' and Girls' Club of Greater Vancouver for a portion of Fraserview Park for a term of ten years from February 01, 2002 to January 31, 2012.*
- B. *THAT once the form of the lease has been approved by the General Manager and the Director of Legal Services, that the General Manager be authorized to execute the document on behalf of the Board*

## BACKGROUND

The Boys' and Girls' Club of Greater Vancouver was first granted a lease for the operation of the Fraserview Boys' and Girls' Club in 1962 after undergoing a capital campaign to construct the present facility and parking lot on the easterly 124' portion of Fraserview Park, located at 7595 Victoria Drive. The original lease was for 20 years and it was subsequently renewed for another 20 years in 1982. The 15,000 square foot building is owned by the Boys' and Girls' Clubs of Greater Vancouver and is their largest club facility. The club is equipped with a game room, computer and arts and crafts rooms, teen room, woodwork shop, gymnasium, multi-purpose room and kitchen.

The club presently has 600 members from 5 - 18 years' old. Their goal is to provide preventative and developmental oriented services to children, youth and their families within the South Vancouver community through participation in activities that have a health, social, educational, recreational or spiritual focus which embraces diversity of religion, race, and creed. Their core activities involve sports, cultural arts, education and special events. Membership to the club is \$20 per year.

## **DISCUSSION**

The Fraserview Boys' and Girls' Club has been providing quality services to the community for over 40 years. The Board has had a positive relationship with the organization and its staff over the years and programmes are coordinated with recreation staff from Killarney, Champlain Heights and Sunset Community Centres through an area services team to ensure that services are complementary. The club has fulfilled its mandate under the existing lease and their programmes continue to support children and families in the Fraserview community.

The recommendation for an agreement for another 10 years will allow the organization to secure tenure at the site to continue operations for the benefit of their members. During this ten year period, the Club and the Park Board will need to undertake facility assessments to determine the condition of various components of the facility to maximize the life expectancy of the building and ensure that any projected major maintenance is identified for the protection of the facility and public use. Any major maintenance required is the responsibility of the Club which pays all operating and maintenance costs. This ten year term is also consistent with other agreements that the Boys' and Girls' Club of Greater Vancouver has with the City of Vancouver.

The lease will include terms and conditions similar to those of the previous lease, except for the length of the term, and include:

- A. \$10 per year lease fee
- B. use of the facility
- C. insurance and indemnification requirements
- D. Club to maintain, repair and pay for operating cost of the facility
- E. termination clause to cover various situations

## **SUMMARY**

Staff are recommending renewal of the lease for a 10 year term which will provide for the continued use and enjoyment of club services and provide for a timely assessment of any major maintenance requirements for long term planning for this 40 year old facility.
