- 450 m² new garden area (total 940m²)
- ~30 allotments for all ages and abilities
- Children's nook next to school and daycare
- Food bearing trees
- Pollinator gardens
- New seating

Recommendation

A photograph of a lush community garden in Nelson Park, Vancouver. The garden is filled with various green plants and flowers, including tall purple lupines. A wooden fence runs along the left side of the garden. In the background, there are tall trees and a modern high-rise building under a clear sky.

THAT the Board approve the expansion of the community garden in Nelson Park, with all details to the satisfaction of the General Manager; and

FURTHER THAT staff amend the current license agreement with the Nelson Park Community Garden Society to include the expanded garden area, with all terms consistent with the Community Garden Policy.
