1. REPORT: 2017 Fees and Charges - Parks and Recreation

Malcolm Bromley, General Manager, Park Board, commented that Park Board staff spends many months each year preparing the annual budget. In developing the annual budget, staff attempts to balance the needs of delivering high quality programs, ensuring that fees are not barriers to participation, and keeping tax increases at a minimum. The budget that is approved by the Board will be presented to City Council on December 7, 2016 and will be voted upon by City Council during the week of December 12, 2016.

Steve Jackson, Director of Financial Planning and Analysis, Park Board, led the review of a presentation on the proposed 2017 fees and charges.

Mr. Jackson, along with Mr. Bromley, responded to questions from the Board. There was discussion on the varying rates of increase applied to core and ancillary services and the suggestion to round fees for ease of handling cash.

2. REPORT: 2017 Operating and Capital Budget - Parks and Recreation

Steve Jackson, Director of Financial Planning and Analysis, Park Board, led the review of a presentation on the proposed 2017 Operating and Capital Budget.

Mr. Jackson, along with Tiina Mack, Manager of Park Development, Park Board, and Malcolm Bromley, General Manager, Park Board, responded to questions and comments from the Board regarding:

- The improvements to be constructed as Sunset Park
- The timing for the commencement of construction of the new Marpole-Oakridge Community Centre
- The progress on the establishment of “pop-up” pools
- Request for Commissioners to be provided with a detailed budget in future years
- The efficiency of the division of responsibilities between the Park Board and the City’s Real Estate and Facilities Management (REFM)
- Request that staff provide a comparison of the operations and budgets of the Park Board with other municipalities
- The continuing work that will be undertaken on the skate parks in 2017
- Whether the requested 2017 funding is sufficient to make progress on the Biodiversity Strategy that was approved by the Board in February 2016
- Whether the requested budget of $1.6 million is sufficient for parkland acquisition in a city that is experiencing population growth and increasing density
- Confirmation that the salaries of staff responsible for delivering capital plans and projects are included in the Park Project Management budget
- The conversion of wading pools has been halted, pending the completion of the VanSplash Aquatics Strategy
- Concern that a pilot project to retrofit a wading pool with a salt water sanitization system and a custom safety cover and liner, is not included in the 2017 budget
- Request that staff provide the documentation of historical discussions regarding a potential replacement of the Mount Pleasant Skate Park to Commissioners.

The Board heard from two speakers. The first speaker supported the proposed budget allocation for the addition of the new “pump track” at the Vanier Park Bike Skills Park. The second speaker expressed disappointment with the lack of funding in the 2017 budget for cycling infrastructure improvements and connectivity in Stanley Park. The speakers, along with Ms. Mack, responded to questions from the Board.
