Dear Malcolm,

Re: 420 Protest Event at Sunset Beach

As a follow-up to the [March 6, 2017 Board decision regarding 420 events](#), we want to ensure that Park Board staff will not be facilitating access to Sunset Beach Park by the protesters.

While we fully expect measures to support public safety will be put in place by the VPD and, as required, by Park Board staff, we do not expect our Park Board team to provide other support such as facilitating the set-up of staging, electronic equipment, and booths for the purpose of selling cannabis and related products.

Sincerely,
