 - Refinement of the intake of Park Board service requests in the City’s 3-1-1 Operations
- City Council approval of a motion to establish a waterfront initiative for major natural waterways.

Mr. Bromley responded to questions from the Board including enquiries regarding:

- Concerns that the goals and priorities identified by elected Commissioners has not been reflected in the draft VanPlay strategy. Mr. Bromley advised that experts have been retained to lead the process of developing the strategy and the Board will be provided with several opportunities in the future to ensure that their priorities are addressed in the strategy.
- Expected timing for the presentation of the recommendation on the location of an outdoor swimming pool in the VanSplash Strategy to the Board. Dave Hutch, Manager of Research and Planning, Park Board, reported that a briefing will be provided to the Board on June 13, 2017 and expects that the final recommendation would be presented in September 2017. Mr. Bromley noted that he would investigate whether the scheduling for the presentation of the final recommendation on the location of an outdoor pool could be advanced.
- Request for comparative data from the previous year with respect to the number of calls to which Park Rangers responded and the nature of the calls. Mr. Bromley advised that he would request Howard Normann, Director of Park Operations, Park Board, to determine if the data exists to provide the information requested and report back to the Board.
- Whether there will be an opportunity to relaunch the Keep it Clean Campaign in 2017. Mr. Bromley confirmed that it would be repeated and noted that the City's involvement in the campaign may result in additional resources to expand services.
- Whether the significant increase in Park Ranger activity between the months of April and May 2017 was anticipated. Mr. Normann advised that the extent of the increase was unexpected and undertook to provide details of the categories and number of activities in a detailed report.
- Whether a staff report would be provided to the Board on the integration of Park Board and the Vancouver Waterfront Initiatives. It was noted that some of the natural waterways are located on Park Board properties. Mr. Bromley confirmed that the City is aware of the Park Board's leadership role and jurisdiction in the recreational use of the water and there may be some additional resources provided as a result of the City's decision.
- Concern that the VanPlay strategy does not include an adequate focus on gardens and horticulture. Mr. Bromley confirmed that if the Board were not satisfied with the draft VanPlay strategy that is developed through the input received from the public, it would be amended to the Board's satisfaction.
- Whether Park Rangers are permitted to issue tickets for by-law infractions. Mr. Bromley advised that Park Rangers are not authorized to enforce Park By-laws, other than for smoking in parks. A recommendation is being included in the People Parks and Dogs Strategy to have Park Rangers qualified as Peace Officers to allow them to enforce Park Board By-laws.

STAFF REPORTS

1. REPORT BACK: 4/20 Protest Event at Sunset Beach

Octavio Silva, Manager of Business Development, Park Board, led the review of a presentation reporting back on the 4/20 protest event at Sunset Beach and highlighted:

- Event overview
- Pre-event day set-up

- Observations regarding the execution of the event
- Post-event impact on the turf
- Field restoration expenses are approximately \$9,200
- Neighbourhood impacts
- Event organizers have been invoiced for the financial impact to the Park Board
- Next steps.

Mr. Silva, along with Malcolm Bromley, General Manager, Park Board, responded to questions from the Board. There was discussion on: the rationale for including non-incremental expenses in the invoice to the event organizers, given that the Park Board refused to issue a permit for the event; whether the issuance of a permit would have improved the ability of the Park Board to recover costs; whether the issuance of the invoice will help or hinder the relationship between the event organizers and the Park Board; necessity of the Park Board to negotiate with the event organizers on the recovery of costs; the event organizer publicly public declaration by the event organizer that it would cover all Park Board costs associated with the 4/20 protest event; identification of an alternate site for the 2018 4/20 protest event; request that staff inform Commissioners of options to secure costs in advance or to prevent a future event, given that the event organizers have declared that they will not pay the Park Board invoice; and announcement by Cannabis Day organizers that they will be holding a future event at Thornton Park.

Commissioner Mackinnon introduced the motion and commented on the need to pause and reflect on the past, present and future role that women play in a modern society.
