

## COMMISSIONER ENQUIRIES - SUMMARY REPORT

Date Received	Topic	Summary of Request	Board Update	Status
18-Oct-21	Accessibility Ramp at Andy Livingstone Park	A Board member asked for an update on when the accessibility ramp at the Andy Livingstone Park sports field will be completed.	Construction of barrier free accessible ramps at the Andy Livingstone Park sport fields is currently underway in three locations. It is anticipated that the work will be completed by mid-December, weather permitting.	COMPLETE
18-Oct-21	Portable Toilet at Andy Livingstone Park	A Board member asked staff to provide details on the type placement, and ongoing maintenance of the portable toilet located at the northwest end of Andy Livingstone Park, and if the placement is permanent.	A portable toilet was added to the NW section of Andy Livingstone Park to address staff concerns related to ongoing issues with human waste at (and subsequently flowing under) a pump house service door. After receiving public concerns about the proximity of the toilet to the school and playground, it was moved closer to Pacific Boulevard. Unfortunately, all three of the portable toilets located in the park were destroyed (burnt/melted) and will not be replaced at this time. The portable toilets were added as back-up options for when the fieldhouse washrooms are closed for service. These toilets are frequently being plugged with debris and staff are challenged to keep up with the service requests.	COMPLETE
