

GENERAL MANAGER'S REPORT

Regular Park Board Meeting
Monday, December 13, 2021

- The All Bodies Community (ABC) Fitness Program is the recipient of the 2021 Agency Award from the BC Therapeutic Recreation Association for providing inclusive opportunities for people of all abilities to engage in physical activity.
- The ABC Fitness Program is a program that provides low barrier access for participants who may not currently be exercising, have adaptive requirements to start exercise, and also for those who may have felt uncomfortable starting their fitness and exercise journey.

Kate Lee, Coordinator of the ABC Program

- Communities 4 Climate Hope (C4CH) is a comprehensive community climate action program created and championed by Sarah Lusina, Past President at Trout Lake CC
- The program includes three focus areas: Programming, Communications, and Staff Training
- A UBC Sustainability Scholar has been secured to support this project
- CCA Pilot sites: Douglas Park, Trout Lake, Strathcona, Hastings, Roundhouse, Kitsilano

- Report on Vancouver Community Sport Hosting Grants – Fall 2021 Intake recommending approval of nine new sport event grants totaling \$71,000.
- Report on Climate Emergency Action Plan – Big Move 6: Natural Climate Solutions recommending, among others, that Council direct staff to work with the Vancouver Board of Parks and Recreation to develop a plan to increase the city-wide tree canopy from the current 23% to 30% by 2050 and ground it in the Vancouver Plan Strategy.
- Report on Marine Landing Policy Updates for Marpole Community Plan and Cambie Corridor Plan recommending approval of new policy updates which will be used to guide and inform future rezoning applications in this part of Marpole.
