- Over 150 fields will have a fertility plan
- All fields will receive servicing
- Work on these will be starting post the winter sports season

- Tisdall Park, located near Cambie and W49
- Playing surface had major safety concerns
- Irrigation system upgrades

- **Warm Season Field Maintenance - April to September**
  - groom the over 125+ citywide ball diamonds
  - Increase our cultural practice program to include all 150+ citywide programmed Sports Fields.

- Cool Season Field Maintenance – October to March
  - field maintenance will transition from the maintenance enhancements to Field Upgrade functions in late Fall through to March.
  - focus on prioritized small and medium scale Sports Field improvement projects with a focus on safety and playability.

- The team will consult with all stakeholders to create their prioritized project matrix.
- This work will include infield renovations and replacements, turf surface renovation or replacement, irrigation upgrades, drainage installation, soccer goal mouth renovation, field surface leveling and grading and other similar projects.
