BE IT RESOLVED THAT, in recognition of the March 2021 Memorandum of Understanding (MOU) between the Province of BC, City of Vancouver and Board of Parks and Recreation confirming the shared commitment to work together to reduce the total number of unsheltered residents in parks and public spaces, with the Park Board committing to enforce the Parks Control By-law when suitable spaces are available for people to move indoors:

- A. THAT the Park Board authorize the General Manager, at their discretion, to initiate the process to seek an injunction to remove any temporary shelters and structures erected in CRAB Park at Portside in contravention of the Parks Control By-law or any General Manager's Order relating to CRAB Park at Portside.
- B. THAT the Board Chair issue a media statement that releases this In Camera decision and outlines the actions to be taken.
