Dear GM Rosa,

Re: Confirmation of Availability of Indoor Space

I wanted to update you as per your request on August 23, 2021, regarding the status of available indoor spaces in Vancouver.

BC Housing and the City of Vancouver have successfully opened hundreds of new indoor spaces in the past year to support people experiencing, or at-risk of, homelessness. We are also committed to opening more than 1,000 new indoor spaces in Vancouver to support people moving indoors over the next two years.

We have confirmed with our non-profit housing provider partners that, as of August 23, 2021, there are enough available spaces to bring inside anyone currently camping overnight at CRAB Park who does not otherwise have housing.

Please let me know if you have any further questions.
